

MAHAFFEY'S TRIAL NOW UNDER WAY.

CLINTON MAN'S SHOT UNDER INVESTIGATION.

The Jurymen Examined Nearly All Have an Opinion and a Special Verdict to be Issued—The Dramatic Train of Events Recalled by the Case.

Whether or not John Mahaffey will join the man he shot at, Matthew Bitson, at Waupun, or not is the question that a circuit court jury will decide next. Mahaffey is now on trial on the charge of assault with intent to kill. The trial will recall a dramatic story—that of the atrocious murder of Mrs. Matthew Bitson and Mrs. Arthur Hearn and the burning of their bodies by Matthew Bitson, a low-minded and brutal Bohemian; the subsequent hunt of the surrounding country by armed men who would have killed the murderer like a dog if he resisted them; his final capture by officers and the subsequent attempt at lynching which was quelled by militia.

Bitson, it will be remembered, was captured at the home of John Carle, near Clinton, to whose house the murderer was drawn by hunger. He was turned over to Jerome Shimeal by City Marshal Earle, and Shimeal, fearing the lynchers, attempted to outwit them by bringing the prisoner to Janesville. The crowd divided his attention, and Mahaffey, who was astride a horse and armed with a large revolver commanded Shimeal to stop. The command was not heeded, so Mahaffey leveled the revolver and fired. The bullet struck the buggy cushion under the prisoner, and Shimeal concluded to stop. The horses' heads were turned toward Clinton and the buggy escorted by men with guns on their shoulders, to the lock-up.

Mahaffey was indicted by the grand jury, and has been out on bonds. Previous to the shooting he was night clerk or bartender at the Taylor house, but since then he has mended his ways and has been an able worker in the temperance cause. It was quite evident when the case was called before Judge Bennett this morning that it would be difficult to get a jury. Many of the men examined had formed an opinion and the panel was soon exhausted and a special venire for twenty-five talesmen had to be issued. The state and the defense both got the benefit of a declaration of jury men in the morning's examination. W. B. Stoddard said he always thought, that Mahaffey "did just right and that he ought to have killed Bitson" while Smith Jameson said that he was opposed to men taking the law in their own hands. District Attorney Wheeler appeared for the state and Smith & Pierce for the defendant. The special venire was returned at 2 o'clock and the examination of jury men was resumed.

BALDWIN NOT PROVEN GUILTY.

Judge Bennett's Review of the Evidence in the Murder Case.

Judge Bennett's review of the evidence in the Finch murder case when discharging Frank Baldwin was as follows:

"The only doubt I have in the matter is the doubt of my own duty. In criminal cases juries are true judges, and if the jury disregards the law as laid down by the court they can do so and there is no redress if their verdict be not guilty, but if the verdict be guilty, it can be set aside. The case has some very peculiar features. This man was severely stabbed, but however great the crime, the defendant should not be held responsible unless he is proven guilty beyond a reasonable doubt, and the only question is whether I should take it from the jury. Perhaps it is my duty to take it from them, but I do not care to review the testimony unless I grant the motion, as it might tend to prejudice the case in one way or another. If the jury should bring in a verdict of guilty and the evidence did not show beyond all reasonable doubt that the defendant was guilty, I should be compelled to set it aside. I am inclined to review a portion of the testimony.

"There was no unfriendly feeling between Finch and the defendant. They had been acquainted before and had attended dances together. No words of anger or reproach had ever passed between them. One of the last acts that occurred between them was when the defendant let Finch have twenty-five cents to buy beer for himself, Baldwin, Mrs. Baldwin and Miss Anderson. The state was compelled to swear Miss Anderson. It could not have been done otherwise. There would have been no evidence without her as the mouth of the wife is closed by the law. Miss Anderson does not testify to any unpleasant words between Baldwin and Finch. No person testified to seeing a blow struck. No saw a knife used, and none was found on the defendant or on the ground near where the fight took place. But what impressed me more than anything else was the fact that Finch said he did not know who struck him. He died without making any sign. He made no dying declaration. If Finch did not know who struck him, can the court, can the jury, ought the jury to say that the defendant struck him, when no human eye saw it? I think it is going a great ways. The evidence must show him guilty. If the jury should find him guilty I should set the verdict aside. I therefore grant the motion and the prisoner is discharged.

SOLDIERS CAMP AT CLEAR LAKE. Milton Company Spend a Night Away from Home—Decorate Day.

CLEAR LAKE, June 1.—The farmers are nearly through planting corn in this vicinity. A good many cool nights and some light frosts accompanied by slight damage to crops or fields. The Clear Lake hotel on the north side is running full blast and is ready for boarders, with Mr. Denison as proprietor. Quite a good many from Janesville visited in this vicinity Monday. The military boys, from Milton, about twenty-five in number were in camp over night and marched back again. Mr. and Mrs. T. Gilbertson visited their daughter, Mrs. Clara Stockman, a few days last week. Mrs. A. L. Rose is not improving much. Dr. Ella Crandall is attending her; also Dr. Q. O. Sutherland, of Janesville. There was not a large turnout on Memorial day, and there were more winter clothes than white dresses. Bennie Tubbs is out again, after a long sickness. Warren Thorpe is no better.

IMPRESSIVE MEMORIAL DAY EXERCISES AT MILTON.

Clinton, Evansville and Other Towns Joined in Observances—Rev. F. A. Pease Closes the Fairfield Lecture Course—Scarlet Fever in South Clinton.

MILTON, June 1.—Memorial day was very successfully observed here and the audience was the largest in years. The following was the program in the park, President W. C. Whitford acting as president of the day: Music, Milton Junction Cornet band; music, Misses Maxson and Dunn Messrs. Maxson and Loofboro with Miss Lillie Rood as accompanist; prayer, Rev. S. L. Maxson; music, band; address, Rev. J. D. Cole, of Janesville; music, quartette. At the conclusion of the exercises the procession marched to the cemetery in the following order: Band, college cadets, speaker and president, G. A. R. Post, Woman's Relief Corps, college students, public schools and citizens. After a dirge from the band the exercises of the Post occurred under the direction of Post Commander, B. H. Stillman, and the graves were decorated by the children. After the cadets had fired the salute and the W. R. C. and college girls had garlanded the graves of the unknown dead, the people were dismissed with a benediction from President Whitford. The address by Rev. Mr. Cole was a meritorious production and was highly commended by all who had the pleasure of hearing it. The North Johnston club beat the Milton nine Wednesday forenoon by a score 20 to 12. In fact every body wipes the earth with our boys just now. The funeral of Mrs. Eliza Look took place Wednesday forenoon at her late residence Rev. George Smith, of Whitewater, officiating, and the remains were taken to Koshkonong for burial. County Treasurer Burdick and wife, and J. H. Huntress, of Janesville, took in memorial services here. Professor D. O. Hibbard, of Walworth, was a visitor here on Memorial day. D. J. Brown, of Nile, N. Y., is visiting Mr. Crooley, of Crosley & Maxson. Hon. P. M. Green attended memorial exercises at Whitewater. All trains, except passenger and stock freights, were suspended on this division of the St. Paul system Memorial day. Professor L. B. Hudson, the Illinois kidney cure man, was the guest of his Milton relatives this week. Operator Davy had a grain door fall on his head Tuesday while loading freight and it "floored" him instantly. He immediately joined the stiff neck brigade, but fortunately his skull was not cracked. Mrs. E. T. Hamilton has been quite sick but is improving slowly. The officers elect of Du Lac lodge for the ensuing term are: F. H. Gifford, N. G., M. J. Plumb, V. G.; O. E. Orcutt, S. W. W. Clarke, Treas. Professor Jno. D. Bond, class of '72, of St. Paul, will deliver the annual address before the Alumni association of Milton college on Alumni day, June 27. Dr. Ella J. Crandall spent Tuesday and Wednesday in Milwaukee, in attendance at the meeting of the state association, before which she read a paper. Dr. W. B. Morgan of St. Louis, who graduated here in the class of '74, was the guest of President Whitford one day this week. The college cadets enjoyed the pleasure incident to camping out at Clear Lake Tuesday night. Mrs. A. S. Blount was a visitor in Milwaukee last week. Mr. and Mrs. Burleigh, of Dakota, are the guests of their relative, Mrs. Abbie J. Wood. Mrs. Bell, of Janesville, visited the Misses Rodgers, this week. President Whitford is to deliver the address this year before the Old Settlers' association at Palmyra. A native Persian, now a student in Rush Medical college, delivered a lecture on the habits, customs and religion of his country at College chapel Wednesday evening. Clark Crandall, formerly a resident of this township, and who has been spending some months on the Pacific coast for his health, is at present stopping with his family in this village. There was a light frost Thursday morning but it did no damage. Bessie Clarke spent Wednesday with Edgerton relatives, Mrs. Heacock, of Genito, Va., is visiting her daughter, Mrs. C. K. Plumb. Rev. W. H. Summers and J. B. Tracy attended Memorial exercises at Whitewater and heard General Fairchild speak.

CLINTON MARKED MEMORIAL DAY. Enthusiastic Observances at the Village on May 30—Horses Sell Well.

CLINTON, June 1.—Memorial day exercises here have never been so largely attended as this year. On Sunday morning, May 27, the G. A. R. boys attended meeting at the Congregational church in a body. Elder Dexter preached an appropriate sermon. At 3:30 p. m. the children held memorial services in honor of our Grand Army post, at the Methodist church. As the Grand Army of the Republic filed into the church, the children arose and saluted with waving of flags and singing "Columbia, the Gem of the Ocean." Rev. Mr. Reynolds offered prayer; then followed appropriate songs, recitations and addresses, after which the children decorated the veterans by pinning bouquets of flowers on their coats. An appropriate response to the greeting was made by the commander of the post. On Wednesday, the 30th, a procession was formed at headquarters, consisting of the G. A. R. the Modern Woodmen in uniform, who were out in full force, the school children, citizens on foot and in car-

riages, all led by the Martial band. The procession was about a mile in length. The ceremonies were held in the grove just north of the cemetery. Rev. Mr. Dexter made the address. Rev. Stubbett led in prayer. The Clinton Male Quartette and the Martial Band sang and played patriotic airs, then following the decoration of graves an address for the unknown dead by Rev. Reynolds and a tribute of thanks in behalf of the G. A. R. by Comrade Mayhew. O. H. Florida has commenced setting tobacco plants. He expects to put out about twelve acres. Cold weather continues with an occasional frosty night, but it is thought that, as yet, no serious damage has been done to either fruit or field crops. Corn, however, looks rather yellow. Considerable corn and potatoes cultivating has been done. Mr. and Mrs. J. W. Hartshorn and Stephen Conley were up from Chicago the first of the week. Comrade Combs, of Evansville, was down to attend Memorial services. Rev. Mr. Stubbett's son in climbing over a barbed wire fence fell and badly lacerated his arm on one of the barbs. R. W. Cheever and James Winegar have recently sold horses to Chicago parties which put together make a matched team of more than common excellence and at good figures for these times. The Tiffany creamery will soon start up on the co-operative and test plan.

EVANSVILLE MEMORIAL DAY.

Oration by Professor Gettle—Charles Lowry Billed Fifteen Minutes.

EVANSVILLE, June 1.—Memorial services were witnessed here by a very large crowd. The procession was formed at 1:30 p. m. as follows: Carriage with president of the day, orator, chaplain and two aged veterans, Black Hussar Band, G. A. R. Post Woman's Relief Corps, school children with flags, spectators. After the services at the cemetery Magee's hall was densely packed and Professor Gettle delivered a mastery oration pregnant with scholarship and patriotism. Charles Lowry has returned from his trip to a Michigan sanitarium greatly improved in health and spirits. Mr. Lowry states that he was boiled for fifteen minutes and that a sixteen minute boiling means instant death. Knowing this beforehand made him much concerned, as to whether correct time was kept or not. He also states that after being thoroughly boiled he was pickled. Dr. Smith, who was his comrade in the pilgrimage, is yet to hear from. William Antee may be put on record as having made the most rapid train trip; leaving Boston, Mass., May 23, 1894, at 8:00 p. m. and arriving at the Myers house, Janesville, Wis., at 11:00 p. m. the same day. Next? Eighteen of our citizens were taken to Janesville May 29, by Deputy Sheriff Nelson, but most of them got away and have returned. E. P. Savage and John Gillies are still in durance ville as jurors on the Finch murder case. The pupils of the high school gave an entertainment at Myers' hall. The program was excellent and the attendance large.

FLAG-RAISING AT AFTON.

Patriotic Exercises Will End the Spring Term of School.

AFTON, June 1.—Afton school will close the spring term on Friday, June 8, with exercises varying somewhat from the usual. A basket picnic will be given at noon, the school's new flag will be raised, an interesting program presented and patriotism will abound. It is expected that a delegation of Grand Army boys will be down from Janesville to assist in the exercises. The program will be given immediately following dinner and will consist of patriotic speeches and recitations interspersed with music both vocal and instrumental. Your correspondent is authorized by Principal Starr to extend a cordial invitation to all neighbors and friends of Afton school to be present and participate in the day's enjoyment. Dr. Grablachoff, a student of Chicago, occupied the pulpit of the Baptist church last Sunday. Afton Camp No. 3192, M. W. A. has voted to go with Beloit Camp to the big picnic at Sycamore, Ill., on the 28th inst. Mrs. A. R. Knox, of 204 South Main street, Janesville, was the guest of Afton friends last week. Louis E. Hills and family are now residents of Afton, having moved down from Janesville last Tuesday. E. E. Burdick and O. H. Mead were down from the Bower City Tuesday. Janesville wants Afton to help her celebrate the glorious Fourth. Shall we do it?

INVITATION TO SPEAK AT LAW- RENCE WITHDRAWN.

Trustees of the Methodist College at Appleton Do Not Propose to Have the Graduation Ceremonies "Turned Into a Funeral"—Engagement Cancelled By Telegram.

It is reported that the faculty of Lawrence university at Appleton has notified the Rev. Dr. Eaton, formerly of the Court Street church that his services will not be needed to deliver the baccalaureat sermon at Lawrence on commencement day.

This action was taken, presumably, owing to Dr. Eaton's stand in presenting the federated educational plan, as advocated by Professor Ely, at the meeting of the Milwaukee Methodist ministers' meeting last Monday morning.

Dr. Eaton is heartily in favor of the plan believing that though it will affect Lawrence injuriously it will be for the great ultimate benefit of thousands of Methodist students in years to come.

Dr. Eaton was asked to preach the baccalaureat sermon at Lawrence and consented. Yesterday, according to the Milwaukee Journal, he received a telegram saying that his services would not be needed, as the trustees did not propose to make it a funeral occasion.

RESPONSIBLE FOR ANARCHY.

How can we shut our eyes to the influence back of the industrial disorder and violence? In the platforms of the populist and democratic parties, and in the individual utterances of the representative men of those organizations, are found the seed out of which has grown all the destruction of life and property with which the country has been afflicted.

Mr. Cleveland himself has probably done more than any other man to foster a spirit of dissension between the representatives of labor and capital. Two years ago, shortly before his nomination, he in a speech called the protective policy a "scheme perpetrated for the purpose of exacting tribute from the poor for the benefit of the rich." In the same deliverance he said that "selfish greed is in the ascendancy" among the employers of labor, and declared that our institutions were in danger from "the undermining decay of sordidness and selfishness." The speech containing these incendiary sentiments was telegraphed all over the country. In his last message to congress in his first term, just after he was defeated for reelection, he spoke of what he called "the communism of combined wealth and capital," and of the "oppressed poverty and toil which, exasperated by injustice and discontent, attacks with wild disorder the citadel of rule."

Here was the gospel of hate preached by the leading member of the democratic party; in this utterance a war of labor upon capital was urged by the first citizen of the republic. The Waites, Pennoyers, Lewellings and Altgelds have never gone farther than this in their demagogic appeals to the passions and prejudices of the ignorant and malicious; the Mostes, Berkman and Parsons acted upon a doctrine of this sort in their assaults on society. Of course Cleveland did not really intend or desire to array one element of the population against another, and unquestionably he was aware when he saw his utterances in cold type that they were simply rant and nonsense, but the spirit which they inculcate nevertheless is vicious and dangerous, and, carried to its logical results has brought anarchy.

The democrats who this year decline renomination to congress will save money as well as wear and tear on their feelings. This isn't a democratic year.

The wise men of Gotham "who went to sea in a bowl," were evidently the forefathers of the wise men of Orange, N. J., who have just issued an edict against kissing.

The senate investigating committee was apparently guilty of an extravagant waste of precaution when it decided to sit behind closed doors.

Congressman Enloe, of Tennessee, not only wants the checks on spoils removed, but he also wants all the treasury "watch dogs" killed.

The government is unquestionably stronger than the trusts, but it can never prove it until the democrats are put out of power.

An exchange says "Breckenridge is gaining ground." Yes, but it is wet ground, the people in this vicinity call it mud.

SHOOTERS GOING TO ENGLAND.

Americans Will Try to Win the International Pigeon Tourney.

English shooters will have to look to their laurels this year. The London Gun club holds what is called an international week at its grounds at Notting Hill, London, about the middle of May. Many handsome prizes are offered for competition, and shooters from all over the world are eligible. A team of Americans is going to cross the Atlantic and try to win some of the rich prizes.

The team, as at present arranged, is as follows: George Work, Fred Hoey, Oakleigh Thorne, Captain A. C. Money, L. I. Davenport and Frederick G. Moore, of New York, and H. Yale Dolan and Charles Macalester of Philadelphia. All these men are first-class marksmen, and if they fail to bring back some good trophies it will be a great surprise and disappointment to their friends here.

One of the members of the team suggested that Mr. Work, who owns the seventy-foot sloop Katrina, should put the yacht in commission and take the party across the ocean. Mr. Work was willing, but it was thought that the men would hardly be in condition to shoot after buffeting the winds and waves of the Atlantic for three or four weeks in a small yacht.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known that the seat of life is located in the upper part of the spinal cord, near the base of the brain, and so sensitive is this portion of the nervous system that even the prick of a needle will cause instant death.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

Dr. FRANKLIN MILES, the celebrated specialist, has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizziness, dullness, confusion, pressure, blues, mania, melancholy, insanity, epilepsy, St. Vitus dance, etc., are nervous diseases no matter how caused. The wonderful success of Dr. Miles' Restorative Nerve is due to the fact that it is based on the foregoing principle. Dr. MILES' RESTORATIVE NERVE is sold by all druggists on a positive guarantee, or sent direct by Dr. MILES MEDICAL CO., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It contains neither opiates nor dangerous drugs.

TOO MUCH WIND Is being wasted by our competitors, who lead in everything (Fairy tales not excepted) as to the immense amount of business that they are doing—on paper mostly—by selling their wares less than cost. Merchandise that must be sold for less than the cost to manufacture must be exceeding poor or of such an antique date that any price is gain. We do not have that kind of goods in our place. We are making up many suits—busy all of the time and making some profit—the reason is that our customers get honest value for their money—any who have ever dealt with us can verify the above.

IN HATS We always were in advance on new things—selling so many keeps our stock bright and clean. If we would let the old timers accumulate we would gladly take 50 cents on the dollar for them. A lot of chickens, lead by two proud roosters, one morning went out of the henry in search of food. One rooster found a place where the farmer had recently spilled some corn among the straw and called his friends to the spot to enjoy their meal. All the hens heard the call and were hastening to the spot, when the other rooster called out: "Come away! there is nothing there but unwholesome food." Some followed his advice, and left the rest to enjoy the find. Those who remained had a plentiful and wholesome meal and were soon resting in luxury on their perch; while the others who were lured away by the call of alarm, went about all day searching and scratching before they could satisfy their hunger.

Homeopaths are up in arms over being shut out of the Milwaukee hospitals and plans for the building of a homeopathic hospital in Milwaukee will come up at the 1895 meeting. It was stated yesterday that there was less homeopathy practiced in Wisconsin than in any other state in the union, a fact which will furnish additional stimulus for the special effort to increase the practice and standing this year.

DR. YEUNGST GOES TO A HIGHER COURT

HIS DEATH OCCURRED THIS MORNING.

Consumption Was the Direct Cause Although It Was Hastened By the Use of Cocaine, Which the Sufferer Relied Upon to Support Him—Rare Wifely Devotion.

Dr. Theodore Yeungst died at his home on South Franklin street this morning at 8 o'clock, aged thirty-nine years.

To many people this announcement will be a surprise, but to his intimate friends the announcement has been expected for several days.

Dr. Yeungst had lived in Janesville a little more than one year, he coming here from Germany in February, 1893. He was a highly educated physician, having taken the regular course of study and practice in the University of Griefswald, Germany. His family home is at Bremen, Germany, where his aged mother resides. Dr. Yeungst was not of robust constitution, and to sustain himself he resorted to cocaine. Finally his health broke down completely. Consumption is given as the cause of his death. He was married last October to Miss Louisa Schultz, a young lady to whom he was betrothed in the old country, and who came to Janesville last summer to meet her intended husband. His indigestion was no obstacle in her eyes and they were married in this city last October. During the illness of her husband, which has been for several months, Mrs. Yeungst has been constantly at his bedside, ministering with self sacrificing devotion to her husband's comfort. It is not known that they have relatives in this country.

Cannot Be Buried in Germany.

The bereaved widow desires to take the remains back to the old country, but this will not be possible, as the family are not in circumstances that warrant such expense. It will not be known before tomorrow what disposition will be made of the remains, but it is possible that the interment will be made at Oak Hill.

Dr. Yeungst was quite unfortunate on coming to this city to engage in his practice of medicine, in that he was unable to speak English. Having a high reputation in his profession, he obtained a large practice, not only among the German people, but in English speaking families as well.

The visit of William Jameson to the doctor's office last summer, and the fatal dose of cocaine will be remembered by Gazette readers. The doctor was indicted by a grand jury who charged him with murder. His trial was set for this term of court. The condition of the doctor being made known to the court, with a statement that he could not possibly live many days, a nolle prosequi was ordered and the case stricken from the calendar.

Although far away from home and among strangers, few of whom spoke his language, the doctor made many friends, who sympathize deeply with his devoted widow.

ISAACSON NOTE NOT TO BE PAID.

Norwegian Lutheran Church Loses Its Case Against the Clinton Man.

Isaac Isaacson, of Clinton, will not pay the promissory note he gave several years ago to aid in establishing a professorship in the Norwegian Lutheran church college. Action was brought in the municipal court in this city by the United Norwegian Lutheran church of America against Isaacson to collect the note. Isaacson's claim was that the professorship he wished to help support was never founded. The case has been pending in court for some time, and last evening Judge Phelps announced his decision.

"The court finds for the defendant," said Judge Phelps, "and decides that the plaintiff has no cause of action, whereupon it is adjudged that the defendant Isaac Isaacson, recover of the plaintiff the United Lutheran church of America, the sum of \$23.29, his costs was taxed."

Bellew-Keenan.

Robert C. Bellew and Miss Kate Keenan were married in Milwaukee May 10. The two thus united were once before man and wife, Judge Bennett granting a divorce. Mr. and Mrs. Bellew are now keeping house on Bluff street, the groom being a baggageman on the C. M. & St. Paul road.

Cartwright-McElroy.

At the Congregational parsonage Rev. S. P. Wilder said the words that made Miss Jessie T. McElroy, of this city, the wife of Roderick H. Cartwright, of Galesburg. After a bountiful dinner with many friends at the bride's home, they left on the 6 a. m. train for the home of the groom where he is engaged in the dry goods business.

AS SEEN BY JERE MURPHY.

The public cannot refuse to accept so good democratic authority as the Chicago Times when it says that Chairman Wall is as good and as honest a reformer as Boss Croker.

If there are not more than forty in the contingent of the Coney army now coming to Madison, most of them can be provided for in the vacancies in the candidacies for places on the democratic ticket this year.

The bill boards announce a reduction of the price of admission to the greatest show on earth to twenty-five cents. Until the president, congress and the sugar trust were all democratic, nobody ever knew of a three-ring circus for a quarter.

We hope that Governor Peck will not act upon the offer of the public printer to allow the roster job to be let to the lowest bidder without securing a written opinion from Attorney General O'Connor showing how the interests of the state are fully protected.

Esteemed democratic organs in Wisconsin manifest a disposition to plead the statute of limitations against the charges of the Chicago Times applied to Senator Vilas. Most everybody knows that these charges are old, but it is no less important to know that they are not true.

The senility of the United States senate will be happily exercised by sending a few newspaper correspondents to jail for refusing to betray journalistic confidences to a buncombe investigating committee of the senate which is afraid to make its own proceedings public lest its farcical inquiry may accidentally divulge an inkling of the truth as to senatorial dishonesty and general worthlessness.—Madison Journal.

ATE ENOUGH POISON TO KILL A HORSE.

AGED ROBERT WILLIAMS ATTEMPTED SUICIDE.

Veteran of the Mexican War Tried to End His Troubles By Swallowing An Ounce of Laudanum—Two Ounces More in His Hand As a Reserve.

With an ounce of laudanum in his stomach and a three ounce vial two-thirds full of the poison in his hand, Robert Williams was found on the floor this afternoon.

He was all but dead and for an hour doctors thought they could not bring him back to life.

Williams lives on Ringgold street, near Racine, and it was in one of the upper rooms of his house that his wife found him about 1 o'clock. Hardly any sign of life was apparent.

Dr. Sutherland was hurriedly called and with the aid of neighbors began the work of resuscitation. After administering antidotes the insensible man was carried out into the orchard and dragged about, supported by three or four men, until the skin was stripped from his feet.

At 4 o'clock recovery was believed to be probable. The would-be suicide is a well-known local character. He is said to be a veteran of the Mexican war and is by trade a blacksmith. Of late he has spent most of his time at gardening.

A prolonged spree is believed to be the cause of his deed to-day. He had been drinking heavily for two or three months.

FELL DEAD OF HEART DISEASE.

Mrs. O. P. Graves Passed Away Very Suddenly at Her Tuttleville Home.

Mrs. O. P. Graves of Tuttleville, died very suddenly of heart disease at 7:30 last evening.

She had been ailing for two years but the fatal termination of her illness was wholly unexpected. A husband and several children survive. Mrs. William Hilt, of this city, is a grandchild. Mrs. Graves was nearly seventy years of age. Funeral services will be Sunday at 10 a. m. at the home, the interment being in the Tuttleville cemetery.

Missouri Prohibition Ticket.

CARROLLTON, Mo., June 1.—The Missouri prohibitionists met here yesterday and nominated a state ticket. The platform declares for prohibition, national and state, absolute, and for universal suffrage; favors gold, silver and paper money, all to be at par; opposes national banks and issue of government bonds, and the election of President and Vice-President by direct vote of the people. The following ticket was nominated: Supreme judge, R. B. Robinson of Barton county; superintendent of schools, Miss Ellen Morris of Kansas City; railroad commissioner, P. C. Yates of Newton county.

PRAISE THE SHAW FOR MANY MERITS.

FAMOUS PIANISTS PRAISE THE GAZETTE PRIZE.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Conditions of the Contest.

What is thought of the Shaw piano by pianists, vocalists and teachers. This is not hard to find out.

When The Gazette chose an instrument it picked out the best to be had. The girl who wins this instrument may well rejoice. Here are a few statements published in St. Paul papers by those who have used the Shaw:

Oscar L. Lienau, tenor singer and teacher of the voice writes:

ST. PAUL, MINN., MAY 2, 1892. GENTLEMEN:—I am extremely pleased with the Shaw Piano, which I purchased of you. I have used it for some months and consider it a superior instrument. Its clear full tone and elastic touch is a delight not only to myself, but to my many friends, its sweet singing quality being especially noticeable, and I shall be pleased to recommend it to my pupils, etc., I am, yours respectfully, OSCAR L. LIENAU.

Frederick Leavitt, the expert piano tuner:

ST. PAUL, MINN., MAY 1, 1892. GENTLEMEN:—As compared with other first class instruments, the Shaw piano has the charming characteristics of each—all in one. Not a break in the scale. No rattling in the action. Never harsh nor metallic in tone. Stays in tune. Such is my admiration for the piano that I would not trade, "even up" for any upright made. My own Shaw has not required any attention during the past year, and is in almost perfect tune now. Yours respectfully, FRED. LEAVITT.

Professor William Manner, organist at the Cathedral and leader of the German Mannerchor Singing society says:

ST. PAUL, MINN., MAY 6, 1892. I admire the Shaw Piano very much. Its construction is most excellent. The tone is round, rich and mellow, and altogether I consider it one of the very best pianos made today in this country. I can cheerfully recommend them. Respectfully yours, W. MANNER.

Those who wish to learn for themselves the quality of piano offered by the Gazette are urged to visit S. C. Burnham & Co's store. Several patterns of the Shaw are there shown. These instruments rank in the markets of the country just as Chickering's, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

TROUSERS FOR WOMEN.

Convenient, Healthful and Light, but, alas! Unbecoming, Says Judie Chollet.

There is a great deal to be said in favor of the trousers costumes for women proposed—and often carried—by dress reformers. Such attire is convenient in all weather, healthful, light and simple. But there are also many things to be said against them. They are unbecoming except to a schoolgirl, they lack dignity, and they make a woman look like a very inferior kind of man. Masculine clothing emphasizes a man's good points—his broad chest, large limbs and general muscular development—but it detracts from a woman's natural advantages—her graceful carriage, delicate form and general softness of outline, which are best set off by flowing draperies that lend themselves to each movement. Turkish women, who exist only to be beautiful, and whose costumes

VELUTINE COSTUME.

tune is one of the most artistic and becoming in the world, wear trousers, but over them wear a long clinging skirt that trails upon the floor. It is usually only women of the laboring classes in any of the countries so enthusiastically quoted by dress reformers who wear the simple trousers costume. It is undoubtedly the dress par excellence for strictly utilitarian purposes, and the fashion if generally adopted would be a great relief to hardworking women. But if reformers expect to succeed in making it really fashionable they will probably find themselves very much out of their reckoning, for fashionable women are not inclined to adopt any extreme novelty in garments the only recommendations of which are comfort and convenience.

By all means let women who wish or whose business requires them to wear trousers do so. But all attempts to force the custom upon women as a mass, either by ridicule or moral coercion, will meet with failure. The days of sumptuary laws are past, and we are all going to wear just what we like if we can get it.

A sketch is given of a race gown of beige velutine trimmed with velvet a shade darker and white guipure. The skirt and overskirt are bordered with a bias band of velvet. The corsage is of velvet and is ornamented with shaped pieces of guipure. The balloon sleeves extend only to the elbow.

IN LOVE WITH HER CLOTHES.

Judie Chollet Says the Gown Often Seems to Make the Woman.

It has been a stock accusation against women for ages that they are "fond of dress." Men have long advanced this fact as a sufficient reason why women should not be considered up to the masculine standard in any sort of work. Admitting that the accusation of fondness for dress is absolutely true, what possible obstacle can a preference for becoming or unbecoming attire be to advance in any business, art or science for which a woman has any real ability? Men and women both have their pet vanities. Men are proud of their muscular strength, and with reason, and women cheerfully admit their own inferiority in that respect. No doubt, if nature had provided them with broad shoulders and iron muscles, they, too, would be vain of such possessions. Instead she has given them delicate coloring and rounded contours, and why is it not quite as pardonable for them to set off these advantages by appropriate clothing as it is for a man to dis-

BLACK SILK MUSLIN BODICE.

play a well knit figure by wearing knee breeches and a jersey bathing suit? All men do this and similar things, and it is not taken as a sign of mental feebleness or incapacity.

Men are quick to notice women's dress, and they are severe and discriminating critics. Although it is going against generally accepted opinion to say so, it is extremely doubtful if they are as good judges of beauty unadorned among women as are women themselves. A pretty gown, especially if it be rather dashing, wins two-thirds of the admiration that a woman fancies is all inspired by her own personality. A certain disappointed mother remarked of her son and his wife that "he fell in love with her clothes," and she told the truth. The wife had neither beauty, wit, education nor affection to make her desirable, but she had a fashionable figure and excellent taste in dress. Eight men out of ten find such a woman more attractive than one of any other type. So, as men and women both like becoming dress, why not accept it as a general fact rather than a particular folly?

The particular folly illustrated today is a bodice of black silk muslin and brown guipure. It is lined with black satin and trimmed with black satin ribbon, which is mingled with the folds of the front and forms a belt with short bows and long ends.

JUDIE CHOLLET.

James Kelly of Summit, N. J., has a handy combination. He is not only a justice of the peace, but chief of police also. This enables him when he arrests a man, to arraign the latter before himself and see that he gets a fair trial.

Judge James M. Smith of Buffalo has within a short time past made gifts of \$5,000 to the Buffalo fine arts academy, the Buffalo library, and the Buffalo historical society, and \$3,000 to the German department of the Young Men's Christian association.

THE WORKING GIRL.

Miss Sallie Palmer Gives Some Suggestions to Girls About Backache, Faintness, and Dizziness.

[SPECIAL TO OUR LADY READERS.] Did you ever notice working girls on their way home from stores or factories?

Did you notice how many of them had pale cheeks, dull eyes, and heavy steps? and did you wonder why they were not ruddy and bright?

The story which is told by Miss Sallie Palmer, of Nicetown, Pa., gives the reason for this sad condition of many working girls.

Sometimes their back and sides will ache terribly. They are faint and dizzy with pain and weight in the lower part of their stomach. They watch the clock, and wish that the day would end, as they feel so ill and tired.

Standing all day, week in and week out, they have slowly drifted into woman's great enemy, displacement of the womb. That, or some other derangement of the organ, causes irregularity or suspension of the "monthly periods," bloating, flooding, or nervous prostration.

"Take warning in time," she says; "Lydia E. Pinkham's Vegetable Compound is the surest and safest remedy in the world for you."

By the way, the Shaw piano is a most artistic and becoming instrument. It is usually only women of the laboring classes in any of the countries so enthusiastically quoted by dress reformers who wear the simple trousers costume. It is undoubtedly the dress par excellence for strictly utilitarian purposes, and the fashion if generally adopted would be a great relief to hardworking women. But if reformers expect to succeed in making it really fashionable they will probably find themselves very much out of their reckoning, for fashionable women are not inclined to adopt any extreme novelty in garments the only recommendations of which are comfort and convenience.

We Want You to Distinctly Understand

that in our efforts to secure your patronage, only legitimate means will be used. If we cannot have your confidence, we do not want your trade. The success, primarily, of any business is naturally gauged by its money making capabilities. There is, however, something behind that ---namely, a reputation for commercial integrity. We are here to stay. In Janesville's growth we want mirrored our own. We realize that it takes time, ability and hard work to reach the zenith of success in mercantile life.

The public, as a rule, are extremely critical and jealous of their rights. We do not expect all the business, as it is simply an impossibility for any one firm to please everyone. We do expect, however, to have the lion's share of it. Our reasons for expecting it are easily demonstrated.

The present times are very prolific in bargains to the shrewd buyer. Our position was such that we were enabled to take advantage of every opportunity presenting itself for close purchasing.

The fruits of our close buying are all ready for your inspection. We have no old stock purchased at anti-panic prices to work on the trade. We do not intend to advertise a staple article with which you are perfectly familiar at less than cost, to induce you to visit us (a method as you are well aware, by many firms) Every article in our store is marked in plain figures. There will probably be no doubt about the price being cheaper than elsewhere. There will be no deviation from price marked. Our goods will be represented to you just as they are---no better or no worse. Your money will be refunded if they are not as represented. You have our gratitude for past patronage, and trusting to merit a continuance of the same, we are yours, to please,

BROWN BROS. & LINCOLN, The "Tenderfoot's" Friend.
